Environmental Science honors student seeking a job in environmental consulting; bringing critical thinking skills and enthusiasm to contribute to a dynamic work environment.

EDUCATION

Bachelor of Science in Environmental Science

May 2014

University of Florida, Gainesville, FL

GPA: 3.57/4.0.

Study Abroad

January 2012- May 2012

Florida State University, Florence, Italy

WORK EXPERIENCE

Intern, The Mosaic Company

May 2014-August 2014

- Selected for an Environmental Co-op position for the summer of 2014.
- Assisting with environmental remediation projects on a Florida phosphate mine.

Intern, Office of State Policy & Coordination, South Florida Water Management District West Palm Beach, FL

June 2013-August 2013

- Worked on a variety of projects, primarily concerning watershed nutrient mitigation and lake monitoring within the Lake Okeechobee basin. Gained hands on experience in policy and fieldwork working for the largest water management district in Florida, and the lead agency in Everglades Restoration.
- Authored a literature analysis project, which detailed promising research in the Lake Okeechobee basin and analyzed information gaps in order to help focus future funding.

Research Associate, Community and Conservation Solutions Gainesville, FL

June 2012-Present

- Conducted fundraising research for Florida's Water and Land Legacy campaign.
- Achieved insight into the legislative process, especially concerning environmental policy.
- Performed a wide variety of tasks including website design with Wordpress, creation of organizational systems, and personal assistance.

LEADERSHIP

VP Social Affairs, Alpha Omicron Pi Women's Fraternity

January 2013-December 2013

- Managed a budget of \$30,000, planned large-scale events for parties of 350 guests or more.
- Coordinated with International headquarters and served with the executive team as a role model for 200 chapter members.

Assistant Director Internal and External Affairs, Gators Going Green

September 2012-April 2013

- Presented research to Student Government Senate about implementing sustainable standards for student organizations.
- Lobbied government officials to implement a Green Energy Fund, which would provide funding to motivated students for innovative and sustainable projects on UF campus.

Intern, UF Office of Sustainability

August 2012-December 2012

- Implemented an effective recycling system for football game days within campus fraternity houses.
- Collaborated with other interns to create efficient strategies for promoting recycling with the Tail-gator program.

Volunteer, UF Sustainability Hut

August 2012-December 2012

- Educated University of Florida students about alternative and sustainable lifestyle changes.
- Provided physical and behavioral tools to assist and encourage environmentally friendly choices.

SKILLS

Microsoft Office (highly proficient in Excel), technical writing, efficient Internet research.

INTERESTS

Hiking, mountain excursions, green tea, and good books.
